

# EASYTALK

**T**he Nady VHF-30, VHF-40 and UHF-50 integrate miniature size with engineering excellence. You'll enjoy the latest advances in electronic technology—like sophisticated suppression and quieting circuitry that ensure crisp, clear communication—even in severe interference environments. The transceivers are protected from heavy use and harsh weather by a rugged, impact-resistant case. Internal microcircuitry is sealed off from water, dust and other contaminants by special gaskets, and is easily accessible by four recessed, captive screws.

#### THESE ACCESSORIES ARE INCLUDED WITH ALL THREE MODELS:

- AC/DC wall charger
- Rechargeable NiCad battery pack
- Flexible "rubber duck" antenna with a BNC connector
- Protective vinyl carrying case
- Stainless steel belt clip

#### NADY ALSO OFFERS THESE OPTIONS:

- Continuous tone coded squelch system (CTCSS), which silences all calls outside a system code
- Remote microphone/speaker
- High speed desk charger
- Heavyweight leather carrying case
- Eartalk—Earphone/Microphone combination with PTT

#### NADY VHF-30

- Five watts, crystal controlled
- Four channel capability
- Up to five mile range
- NiCad battery and charger
- Complete with accessories

The Nady VHF-30 has one standard channel installed, and Nady will add up to three extra channels per your order.

#### NADY VHF-40

- Five watts
- Six channel capability
- Up to five mile range
- NiCad battery and charger
- Complete with accessories

The Nady VHF-40 synthesizes the signal from one crystal and programs it to function on up to six VHF frequencies. Your dealer can easily have it programmed to the frequencies you choose.

#### NADY UHF-50

- Five watts, crystal controlled
- Four channel capability
- Up to five mile range
- NiCad battery and charger
- Complete with accessories

The Nady EasyTalk UHF-50 operates on the uncluttered UHF band. The radio has one standard channel installed. Nady will add up to three extra channels upon request.

### NADY PRC-1X

49 MHz Transceiver

- Simplex: All units share one channel
- Voice activated for hands-free use

The PRC-1X is a lightweight, rugged simplex bodypack. One at a time can transmit, but any number on the same channel can be used together. Nady's SuperVox™ voice activation allows hands free use. Features Push-To-Talk Button on the bodypack, "Call" mode to page receiver, noise cancelling mic, low battery LED, attached headset, removable steel spring belt clip.

### NADY PRC-3X

49 MHz Transceiver

- Duplex operation
- Two way, telephone-type conversation

The PRC-3X is a lightweight, ruggedly built full duplex communicator. Both sender and receiver can talk at the same time, similar to talking on a telephone. Features include "Call" mode to page receiver when headset is not being worn, Low Battery LED Indicator, adjustable attached headset and a removable steel spring belt clip.

### SPECIFICATIONS

#### NADY VHF-30

Frequency Range: 145-174 MHz  
 Channels: 4, crystal controlled  
 Transmitter Power Output: 5 watts  
 Power Supply: 10.8V NiCad battery  
 Microphone: Electret Condenser  
 Dimensions: 4.875 (H) x 2.125 (W) x 1.75 (D) (in)  
 Weight: 16 oz. (with battery)

#### NADY VHF-40

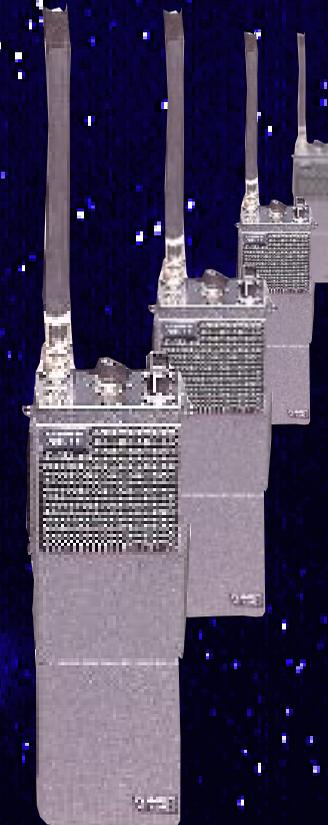

Frequency Range: 150-174 MHz  
 Channels: 6 programmable  
 Transmitter Power Output: 5W  
 Power Supply: 10.8V NiCad battery  
 Microphone: Electret condenser  
 Dimensions: 7.75 (H) x 2.25 (W) x 1.25 (D) (in)  
 Weight: 21 oz. (with battery)

#### NADY UHF-50

Frequency Range: 450-470 MHz  
 Channels: 4, crystal controlled  
 Transmitter Power Output: 5 watts  
 Power Supply: 10.8V NiCad battery  
 Microphone: Electret Condenser  
 Dimensions: 4.875 (H) x 2.5 (W) x 1.75 (D) (in)  
 Weight: 16 oz. (with battery)
